No. 65] NEW DELHI, THURSDAY, JULY 26, 1956

MINISTRY OF COMMERCE AND INDUSTRY

IMPORT TRADE CONTROL

PUBLIC NOTICE

New Delhi, the 26th July 1956

SUBJECT.—*Import licensing policy for Carding Engines, Ring Frames, Looms etc. and their spares falling under S. No. 5/III during the period July-December, 1956.*

No. 31-ITC(P.N.)/56.—Attention is invited to para 4 of Chapter II to the Plant and Machinery Hand Book, 1952, in terms of which the licensing policy for the textile machinery items covered by the Capital Goods Licensing Scheme is determined each half year. The licensing policy for those items for the current half year is set out in the accompanying schedule.

2. Applications in respect of licensable stores should be submitted to the Joint Chief Controller of Imports and Exports, Bombay, in the prescribed form and manner on or before the 1st October, 1956. Applications received after that date will not be entertained

SCHEDULE

SUBJECT :—*Import of Carding™ Engines, Ring Frames, Looms and spare parts thereof during July-December, 1956.*

Description	Remarks
I. (a) <i>Carding Engines.</i>	<p>(i) Carding Engines of 45" will be licensed freely to Actual Users who have been exclusively using 4" cards.</p> <p>(ii) Applications for Carding Engines of other sizes from persons who have obtained permission to set up new mills or to expand their existing factories or to replace existing machinery will be considered <i>ad hoc</i>. The applicants should, in addition to the usual information, submit documentary evidence of firm orders placed on indigenous manufacturers after 30-6-1956. In support of this the applicants should produce original evidence to show the extent of firm orders duly covered by a deposit or a Bank guarantee for the orders</p>

Description	Remarks
	placed on indigenous manufacturers. In addition, they should also submit documentary evidence that they could not get the machinery applied for within nine months from the indigenous manufacturers.
	Licences issued will be valid for shipment within nine months and will not be revalidated thereafter on any account.
	(iii) Licences for roller and clearer cards and their parts will be granted freely to Actual Users.
(b) <i>Spare parts for Carding Engines</i>	
Feed Plates	No licences will be granted for these articles when required for Cards of H & B and T & S makes. Otherwise applications will be considered.
Top Flat Chains	Applications from Actual Users will be considered <i>ad hoc</i> in consultation with the Textile Commissioner.
Other Spare Parts	Licences will not be granted for Spare Parts specified in Annexure 'A' to this Schedule. Applications from Actual Users for Spare Parts required for 45" Carding Engines will be considered <i>ad hoc</i> .

In support of this, the applicant should produce original evidence to show the extent of firm orders duly covered by a deposit or bank guarantee for the orders placed on indigenous manufacturers. In addition, they should also submit documentary evidence that they could not get the machinery applied for within nine months from the indigenous manufacturers.
	Licences issued will be valid for shipment within nine months and will not be revalidated thereafter on any account.
II. (b) <i>Spare Parts.</i>	
(i) Rings.	(i) Applications will be considered <i>ad hoc</i> .
(ii) Spindles.	(ii) No licences will be granted.
(iii) Fluted Rollers.	(iii) No licences will be granted.
(iv) Tin Rollers.	(iv) No licences will be granted.
(v) Top Rollers.	(v) No licences for Top Rollers of all descriptions will be granted except Ball Bearing top rollers which will be licensed freely to Actual Users or Established Importers against orders from Actual Users.
(vi) Other Spare Parts.	(vi) Licences will be granted freely to Actual Users or Established Importers against orders from Actual Users.
(vii) Conversion Materials, the following :—	(vii) No licences will be granted.
<i>Band to Tape Conversion</i>	
Pulley Bracket.	
Tensioning Bracket.	
Tension Shaft with collers.	
Shaft Support Brackets.	

Description

Remarks.

Three to Four Roller Conversion

Roller Stands.

Cap Bars.

Fluted Rollers.

Gearing Units.

Top Rollers, and Thread

Bars.

*Conversion Plain bearing to Ball Bearing to tin rollers.**Components*

Ball Bearing Pedestals.

Shafts and Keys.

*Conversion of smaller lift to larger lift.**Components*Spindles of larger lift, and
packings to lift.Drafting Zone if necessary
or alternatively by lower-
ing spindle rails, andTin rollers including brackets
to fit with altered position
of either of above.*Conversion from stationery to**Moving Lappet Rails*

Lappet Rails.

Pokar rods with shoes.

Lappet rail support brackets

Pokar guide brackets.

*Casablanca High Drafting
System.*

Roller Stands.

Cap Bar Fingers.

Middle Bottom Rollers.

Back Top Rollers.

Middle Top Rollers.

Gearing Units (Draft).

Gearing Units (Traverse).

Traverse Rods.

Front underclearer Rollers.

Front Top Clearer Rollers.

Back under clearer Rollers.

Back Top clearer Rollers.

Cap Bar Rods.

Band Leather.

The following articles, namely :—

Cradles, Saddles and Hooks, Autolevers,
Tensers, Hexagonal Bar Brackets,
Adjustable Sectors, Front Top
Clearers and Brackets. Back
under-clearer spring Supports.Licences will be granted to Actual Users or
Importers against firm orders from Actual
Users for these articles to the extent of 60%
of their requirements provided the applicants
satisfy the licensing authority that firm orders
have been placed with the indigenous manufac-
turers for 40 % of their requirements.

NOTE :—All the above items complete with screws, bolts, nuts and washers.

Description	Remarks
The following articles, namely :—	
Hexagonal Bars, Fronts under-clearer springs, Back under-clearer springs, Bands synthetic E. 10 B-Conversion Materials, S-3 Conversion Materials (except Top & Bottom Rollers), Spares for Dalia Type and other old Models not covered by 500 or A. 500.	Licences will be granted freely to Actual Users or Established Importers having firm orders from Actual Users.
<i>Sussen High Drafting system</i> — the following articles, namely :—	
Bottom & Top Aprons Synthetic rubber. Apron or Nose Bars. Bottom Apron Yoke Spacer Springs. Under Clearer Springs (3 types). Ball or Needle Bearing non detachable loose boss top rollers, without pivot ends.	Licences will be granted freely to Actual Users or Established Importers having firm orders from Actual Users.
Top Spring weighing Bridges or Arms Complete.	
Gauges for setting the rollers.	
Round Shaftings (3 types), for cap bar rods, neb sticks and apron rollyokes.	
Bright flat Bars (3 types) for front condensers Traverse motion and weighing bridges.	
Special Allen Screws and Nuts.	
Condensers (Front and Back).	
Cradles.	
Self lubricating non-detachable fixed boss top rollers without pivot ends.	
<i>Japanese System of Single or Double Apron. High Drafting System :</i>	
The following articles namely :—	
Top and Bottom Cradles complete. Top and Bottom aprons of synthetic rubber.	Licences will be freely granted to Actual Users or Established Importers having firm orders from Actual Users.
Differential High Draft Gearing.	
Differential Traverse Motion Unit.	
Collector or Condensers.	
Special tensor and cradle holding bars.	
III. <i>Pneumatic Under clearers.</i>	Imports of Fan units complete with motor and suction tubes will be allowed <i>ad hoc</i> to manufacturers of under clearers, in consultation with Textile Commissioner.
IV. <i>Looms.</i>	
Automatic Looms.	Applications from Actual Users will be considered <i>ad hoc</i> , in consultation with the Textile Commissioner, Bombay. The applicants should submit along with the applications copies of permissions, if any, obtained from the Textile Commissioner, Bombay, for installation of

Description	Remarks
Drop Box looms. Plain Calico looms. Blanket looms. H. S. Multiple head tape and Ribbon looms. Pick and Pick looms. Velvet Looms.	automatic looms where such looms are required in replacement of existing plain looms. If the Installation of automatic looms is likely to result in increase in the installed loomage or when it is a case of new industrial undertaking, a licence is also required under the Industries (Development and Regulation) Act, 1951. Unless such permission and/or licence, as the case may be, has been obtained, applications cannot be considered and are liable to be rejected.
V. Looms Parts and Accessories.	<div data-bbox="518 465 800 488" data-label="Text"> No licences will be granted. </div> <div data-bbox="518 536 1039 583" data-label="Text"> Licences will be granted to Actual Users on <i>ad hoc</i> basis. </div> <div data-bbox="518 629 1039 695" data-label="Text"> Licences will be granted for articles listed in the Annexure 'B' to this Schedule subject to the following conditions :— </div> <div data-bbox="536 712 1039 1624" data-label="List-Group"> <p>(a) Licences for articles 1 to 17 in the list of Loom Parts and accessories in Annexure 'B' to the Schedule will be granted to Actual Users and Established Importers having firm orders from Actual Users for the following types of looms :—</p> <ol style="list-style-type: none"> (1) Automatic looms ; (2) Swivel and lappet looms ; (3) High Speed narrow fibre looms ; (4) Blanket looms ; (5) Sheeting looms ; (6) Woollen looms ; (7) Canvas looms ; (8) Tyre Cord looms ; and (9) Fusatin looms. <p>(b) Licences for items 18 to 63 of the same list in Annexure 'B' to the Schedule will be granted to Actual Users. Licences granted to Established Importers under Serial No. 5(2) of Part III will also be valid for the import of these items.</p> <p>(c) Licences for other items appearing under the headings :—</p> <ul style="list-style-type: none"> "For Weaving accessories". "For Jacquards". "For Heald Frames" "Sundries" and "For Shuttles." <p>will be granted to Actual Users on an <i>ad hoc</i> basis. Licences granted to Established Importers under S. No. 5(2) of Part III will also be valid for the import of these items.</p> <p>(d) The question of import by Established Importers of any items of loom parts and accessories not mentioned in Annexure 'B' against their quota licences for S. No. 5(2) of</p> </div>

Description	Remarks
	Part III will be considered on merits in consultation with the Textile Commissioner. Licence-holders who desire to import such items against their licences are required to approach the licensing authority with full particulars of the items. In all cases where it is decided to allow import of any particular item or items applied for, the quota licence will be endorsed to cover such items. No commitments for such imports should, however, be made unless and until the quota licences are specifically validated authorising import of the particular item or items concerned.
VI. <i>Gauges (Classified under S. No. 21(1)/II of the I.T.C. Schedule).</i>	According to the policy announced in regard to S. No. 21(1)/II, applications from Textile Mills for special types of gauges used in Textile Mills will be considered <i>ad hoc</i> . Applications from manufacturers of Textile Machinery will also be considered <i>ad hoc</i> .
VII. <i>Automatic Tensionless Yiggers.</i>	Licences will be issued to Actual Users on an <i>ad hoc</i> basis.

ANNEXURE 'A' TO SCHEDULE

List of spare parts of Carding Engines for which no licences will be granted unless otherwise specified.

Main Cylinder for H & B, T & S Cards.

Cylinder Shaft.

Front and Back Plates.

Doffer Bearing Assembly for H & B, T & S Cards.

Doffer Gear of 180 and 216 T.

Lickerin Ball Bearing and Pedestal.

Lickerin Cylinder for H & B, T & S Cards

Feed Plates for H & B, T & S Cards.

Feed Roll for H & B, T & S Cards.

Doffer Comb Box complete excluding Doffer Comb Box of the Ball Bearing type.

Individual parts of Doffer Comb Box will be allowed to be imported.

Doffer Comb Assembly for H & B, T & S Cards.

Coiler 10" and 12" (Imports of parts of Coilers will, however, be allowed for conversion purposes or for replacement of individual parts of coiler).

Note:—(Imports of all the above parts will, however be allowed in cases of replacements against damage and/or breakage during transit of imports previously licensed and covered by Insurance claims).

ANNEXURE 'B' TO SCHEDULE

List of Loom Parts and Accessories

1. Loom Sides.
2. Tap Trees.
3. Cross Rails.
4. Binder Rails.
5. Sley Swords.
6. Swing Rails and Bushings.

7. Breast Beams.
8. Take-up Rollers.
9. All Metal Sleys.
10. Crank Shafts and Bushes.
11. Tappet Shafts and Bushes.
12. Picking Bowls.
13. Picking Tappet Nose Bits.
14. Picking Tappet Shells.
15. Picking Tappet Boss.
16. Picking Tappet Boss Keys.
17. Picking Shafts.
18. Tube Yarn Beams.
19. Beam Flanges.
20. All parts for Drop Box and Circular Box Motions.
21. Shuttle Guards (Complete).
22. Warp Stop Motions (Complete and Spares).
23. Drop Pins.
24. Fringing Motions (Complete and Spares).
25. Terry Towel Motions (Complete and Spares).
26. Spring Loaded Drive Pulleys.
27. Clutch Drive components.
28. Dobbies Spares.
29. Weft Grates.
30. Weft Forks.
31. Weft Fork Holders and Screws.
32. Loom Spindles.
33. Temples.
34. Temple Rollers.
35. Loom Springs all types including Swell and Bow Springs.
36. Weighing Chain.
37. Crank Arm Block.
38. Crank Arm Step.
39. Crank Arm Long.
40. Crank Arm Strap.
41. Crank Arm Gib.
42. Crank Arm Cottar.
43. Balance Wheels.
44. Brake Wheels.
45. Crank Wheels.
46. Tappet Wheels.
47. Spares for Roper and Bartlett Let-off Motions.
48. Spares for Take-up Motions other than Pickles.
49. Spares for Parallel Underpick Motions.
50. Spares for 2, 3 and 4 Colour Magazine and Weft Replenishing Motion.
51. Spares for all types of Automatic Looms.
52. Spares for Swivel and Lappet Looms.
53. Spares for High Speed Narrow Fabric Looms.
54. Spares for Blanket and Sheeting Looms.
55. Spares for Wollen Looms.
56. Spares for Canvas Looms.
57. Spares for Tyre Cord Looms.
58. Spares for Fustian Looms.

59. Spares for Dobbles.
60. Spares for all positive types of Shedding Motions.
61. Beaming papers.
62. Jacquard Cards.
63. Design Cards.

Weaving Accessories

1. Tube Beams.
2. Weighing Chains.
3. Healed Cord.
4. Cut Measuring Motions (Mechanical for Measuring Piece Lengths).
5. Perforated Steel Strips.
6. Drop Wires (for Warp Stop Motions).
7. Serrated Bars for Warp Stop Motions.
8. Cables for warp Stop Motions.
9. Reed Hooks.
10. Reed Pliers.
11. Weavers Combs.
12. Weavers Knippers.
13. Weavers Scissors.
14. Weft Forks.
15. Weft Fork Holders.
16. Weft Fork Holder Screws.
17. Weft Fork Grates—(All Types).
18. Loom Temples (Rollers and Ring types).
19. Loom Temple Rollers.
20. Loom Temple Rings.
21. Split Chain.
22. Split Cutters (Complete).
23. Split Needles.
24. Drop and Circular Box Cards.
25. Card Clips.
26. Card Rings.
27. Card Plates.
28. Loom Springs (Spiral and Flat).
29. Selvedge Hooks.
30. Selvedge Wires.
31. Neck Bank Links.
32. Wire Motion Links.
33. Heald Adjusters.
34. Staubli Connecting Adjusters.
35. Dobby and Jacquard Driving Chains.
36. Dobby Connectors.
37. Dobby Connecting Links.
38. Dobby Barrels.
39. Dobby Motion Barrels.
40. All Metal Dobby Lattice and Pegs.
41. Dobby Cord.

For Jacquards

42. Jacquard Machines.
43. Jacquard Machine Driving Motions all types.
44. Jacquard Harness Linen Cord.
45. Jacquard Neck Cord.

46. Jacquard Wire Healds.
47. Comber Boards and Frames.
48. Jacquard Wire for Hooks and Needles.
49. Jacquard Lingoos and Lingoe Rings.
50. Jacquard Cylinders.
51. Jacquard Spring Boxes.
52. Jacquard Needle Boards.
53. Jacquard Guide Hook Blanks.
54. Jacquard Design Paper.
55. Punching Plates for Jacquard Machines.
56. Plano Card Cutting Machine Spares.
57. Sample Cutting Machines.
58. Sample Cutting Machine Knives.
59. Card Lacing Machine Spare Parts.
60. Card Repeating Machine Spare Parts.

For Heald Frames

61. Lifting Hooks.
62. Sliding Hooks.
63. Fixed Hooks.
64. Rod Clips.
65. Rod Rings.
66. Spring Hooks.
67. Steel Heald Rods.
68. Drop Pins for Warping Machines.
69. Drop Pins for Sizing Machines.
70. Expanding Combs (Zig Zag and Straight for Warping and Sizing Machines).
71. Section Combs for Zig Zag Combs.
72. Back Warper Combs.

Sundries

73. Patent Denters.
74. Drawers Hooks.
75. Twister Hooks.
76. Mechanical Reacher-in Selection Needles.
77. Mechanical Reacher-in Machine Spare Parts.
78. Mechanical Warp Tying Machine Selector Needles.
79. Mechanical Warp Tying Machine Spare Parts.
80. Weavers Automatic Hand Knotters.
81. Winders Automatic Hand Knotters.
82. Warper Beam Flanges (of Malleable Iron, Pressed steel or Alloys).
83. High Speed Specially Balanced Warper Beams Complete.
84. High Speed Warper Beam Flanges (Laminated with Metal Hoops).
85. Pick Counting Glasses.

For Shuttles.

86. Shuttle Tongues.
87. Shuttle Tips.
88. Back Springs.
89. Tension Brackets.
90. Throat Guides.

-
91. Jaws.
 92. Clamps.
 93. Porcelain Eyes.
 94. Brass Eyes.
 95. Cat and Rabbit Fur in cut to size pieces.
 96. Steel Clips.
 97. Hook Govers.
 98. Rings.
 99. Flat Strips.
 100. Spikes.
 101. Tinned Hoops.
 102. Packings.
 103. Covers.
 104. Bolts, Nuts and Washers.
 - 105 Rings for Automatic Loom Pirns

S. N. BILGRAMI, Jt. Secy.
